

COSHH RISK ASSESSMENT

Hand, Hair & Bodywash 5 litre (5 Litre)

Product Code: BK137-5

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 5 litre polythene containers in a cardboard carton.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, well ventilated, dry storage area. Product must be kept stored in its original container.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof. Keep out of reach of children.	Ensure that the product is stored away securely. Keep containers in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Wet hands, apply a small amount of Hand, Hair & Bodywash and wash hands, hair or body.	Avoid contact with eyes, if contact with eyes, causes eye irritation. Prolonged or repeated skin contact may cause the skin to become dry. May cause a light irritation of the linings of the mouth, throat, and gastrointestinal tract.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use.	Provide employees with PPE as follows: • Safety glasses not required for normal use. • Protective gloves required for repeated or prolonged contact. • Skin and body protection not required for normal conditions of use. Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists, get medical advice. After ingested: Give nothing or a little water to drink. Get medical advice/ attention if you feel unwell.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the container is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building).	Ensure that all operatives are aware of the First Aid equipment. Cosmetic product, PPE not required
