

COSHH RISK ASSESSMENT

Jangro Pearlised Hand Soap (500ml)

Product Code: BK100-50

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 500ml containers in a cardboard carton.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original sealed container.	Minimal risk of spillage if caps are firmly in place. Plungers are not child proof. Keep out of reach of children.	Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel. Store away from acids.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Apply to wet hands undiluted and product lather. Rinse off with clean water. Dry hands thoroughly.	Avoid contact with eyes.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	No PPE required under normal conditions of use.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	If contact with eyes: immediately flush eyes thoroughly with water for at least 15 minutes. If ingested: rinse mouth. Do NOT induce vomiting. Get medical advice/attention.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Avoid release into the environment. Dispose in a safe manner in accordance with local/ national regulations.	Ensure that all operatives are aware of the First Aid equipment.
