| DELIVERY                                                                                                                                                                                                                   |                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                           |
| Packaged 6 x 750ml trigger bottle.<br>Available as single units..                                                                                                                                                          | Risk of spillage if the container is dropped. Risk of injury to user if dropped.                                                                                                                  | Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure.                                                                                                           | Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.                                                                                                                                                |
| STORAGE                                                                                                                                                                                                                    |                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                           |
| Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original container                                                                                                       | Risk of emission of noxious fumes if involved in a fire – product itself is not classified as flammable. Minimal risk of spillage if triggers are firmly in closed. Triggers are not child proof. | Ensure that the product is stored away from oxidising materials. Keep containers in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel..                      | Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.                                                                                                                                               |
| USAGE                                                                                                                                                                                                                      |                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                           |
| Product is ready to use. Spray surface and wipe with a clean cloth.                                                                                                                                                        | Risk of eye contact.<br>Risk of skin contact.<br>Risk of ingestion.<br>Risk of inhalation.<br>Risk of spillage onto floor and into drainage system.                                               | Handle the containers with care. Wear Personal Protective equipment. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.              | Provide employees with PPE as follows: <ul style="list-style-type: none"><li>• Protective gloves</li><li>• Safety Goggles</li><li>• Protective Overalls</li></ul> When mixing solutions, ensure that operatives add product to water Ensure that operatives are aware of location of First Aid facilities |
| DISPOSAL                                                                                                                                                                                                                   |                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                           |
| Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available. | Small risk of skin or eye contact.<br>Small risk of inhalation and ingestion. Risk of contamination with other substances.                                                                        | Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the container is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building). | Ensure that all operatives wear Personal Protective Equipment at all times during disposal. Ensure that all operatives are aware of the First Aid equipment.                                                                                                                                              |
| Name of Assessor:                                                                                                                                                                                                          |                                                                                                                                                                                                   | Signed:                                                                                                                                                                                                                                                         | Print:                                                                                                                                                                                                                                                                                                    |
| Position:                                                                                                                                                                                                                  |                                                                                                                                                                                                   | Assessment Date:                                                                                                                                                                                                                                                | Review Date:                                                                                                                                                                                                                                                                                              |
