

COSHH RISK ASSESSMENT

Jangro Premium Heavy Duty Floor Polish Remover (5 Litre)

Product Code: BD255-5

Danger

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 5 litre polythene containers in a cardboard carton. Delivered in single containers if required. Polythene containers incorporate handle for carriage.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure at all times.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original container. Protect from freezing.	Causes burns. Risk of emission of noxious fumes if involved in a fire – product itself is not classed as flammable. Minimal risk of spillage if caps are firmly in place. Caps are not child proof.	Ensure that the product is stored away from any acid-based substances. Keep containers in secure storage areas. Store away from oxidising materials. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Product is dispensed into a bucket or bowl. Product can be dispensed into a solution application tank of a rotary or scrubbing machine. Solution can be applied with a mop.	Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of inhalation. Risk of damage to fabrics/clothes. Risk of spillage onto floor and into drainage system.	Handle the containers with care. Wear Personal Protective Equipment. Wipe up any spillages or splashes immediately; large spillages can be hosed away using clean water. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that the product is not used in conjunction with acid-based products.	Provide employees with PPE as follows: - Protective overall - Safety goggles - Rubber or PVC gloves Ensure that operatives are aware of location of First Aid facilities and personnel. In case of insufficient ventilation, wear suitable respiratory equipment
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Small risk of skin or eye contact. Risk of contamination with other substances.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building).	Ensure that all operatives wear Personal Protective Equipment at all times during disposal.
