

COSHH RISK ASSESSMENT

Jangro Premium Surface Sanitiser (750ml)

Product Code: BA210-75

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 750ml polythene containers in a cardboard carton.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is always secure.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Store in a well-ventilated place. Keep cool. Store locked up. Shelf life 2 years or 6 months from opening.	Minimal risk of spillage if triggers are firmly in place. Caps are not child proof. Keep out of reach of children.	Ensure that the product is stored away from oxidising materials. Keep containers in secure storage areas. Store all containers below chest height to minimise risk of dropping. Restrict access to storage areas to authorised personnel..	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Recommended for professional use only. Effective against enveloped viruses, bacteria, yeast, mycobacteria in 1 minute contact time at 20 degrees Celsius. For surfaces below 7 degrees Celsius allow a 2 minute contact time. Ensure surface is clean. Spray onto surface, making sure to wet surface completely. Leave for a minimum of 1 minute. Wipe with a clean towel and allow to dry.	Risk of severe skin and eye contact and damage. Risk of ingestion. Risk of inhalation. Risk of spillage onto floor and into drainage system. May cause a light irritation of the linings of the mouth, throat, and gastrointestinal tract.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use.	Provide employees with PPE as follows: • Safety glasses required. • Protective gloves required. • Skin and body protection not required for normal conditions of use. Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: get medical advice/attention. Do NOT induce vomiting. Rinse mouth. Drink plenty of water. Get medical advice.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Avoid release to the environment. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building). Handle empty containers with care because residual vapours are flammable.	Ensure that all operatives wear Personal Protective Equipment at all times during disposal. Ensure that all operatives are aware of the First Aid equipment.
