

COSHH RISK ASSESSMENT

Jangro Premium Unperfumed Virucidal Cleaner (5 Litre)

Product Code: BA053-5

Danger Danger

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 5 litre polythene containers in a cardboard carton. Delivered in single containers if required.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come in to contact with them.
STORAGE			
Store product securely in a cool, dry, well ventilated area. Keep away from strong acids, strong alkalis. Avoid excessive heat for prolonged periods of time. Product must be kept stored in its original container.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof.	Restrict access to storage areas to authorised personnel. Keep the store well ventilated. Clear up spills immediately. Ensure that product is stored away from substances that contain oxidising agents.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Pour undiluted into empty bottle. Product is sprayed directly on to surface where it cleans and disinfects in one action. Follow instructions on label for contact time.	Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of inhalation. Risk of spillage to the floor and drainage system.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	Provide employees with PPE as follows: • Protective gloves • Safety glasses When mixing solutions, ensure that operatives add product to water. Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Discharge used solutions into drain. Small amounts (less than 5 litres) of unwanted product may be flushed with water to sewer. Consign empty containers to normal waste.	Small risk of skin or eye contact.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal.	Ensure that all operatives wear Personal Protective Equipment at all times during disposal.
