Jangro

COSHH RISK ASSESSMENT

Jangro ntrl Liquid Soap (5 Litre)

Product Code: BF003-5

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 5 litre polythene containers in a cardboard carton. Cardboard contains 2 x 5L product.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer container to store immediately following delivery. Do not leave containers in areas where users of the building will come in to contact with them.
STORAGE			
Store in original sealed container and protect from extremes of temperature.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof. Keep out of reach of children.	Ensure that the product is stored away from any acid-based substances. Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel. Store away from oxidising material.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
USAGE			
Use with a dispensing unit. Apply one dose of product onto hands, wet slightly and rub to form lather. Rinse with clean water. Dry hands thoroughly.	Risk of eye contact, avoid getting into eyes. Direct eye contact is likely to be irritating. May cause irritation to the digestive tract.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately.	The product does not present any particular risk, under normal conditions of use. Eye, skin and hand protection not required. Ensure that operatives are aware of location of First Aid facilities.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available. The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If ingested, call a poison centre or a doctor if you feel unwell.	Wash out the container using plenty of water. Do not store any other material in the empty container. This product is miscible in water and readily biodegradable in both water and soil. Accumulation is not expected. Dispose of contents in accordance with licensed collector's sorting instructions.	PPE not required.
