| DELIVERY                                                                                                              |                                                                                   |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                |
| Packaged 20 sachets per pack. Available in cardboard cartons of 10 x 20.                                              | Risk of spillage if the container is dropped. Risk of injury to user if dropped.  | Trained employees should handle only single packages at any given time. Take care not to drop the product.                                                                                                                                                    | Transfer product to store immediately following delivery. Do not leave in areas where users of the building will come into contact with them..                                                                                                                                                                 |
| STORAGE                                                                                                               |                                                                                   |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                |
| Store in original sealed package and protect from extremes of temperature.                                            | Minimal risk of spillage if pouch is sealed correctly. Seals are not child proof. | Keep in secure storage areas. Restrict access to storage areas to authorised personnel. If stored at floor level, ensure they are placed on a pallet.                                                                                                         | Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.                                                                                                                                                    |
| USAGE                                                                                                                 |                                                                                   |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                |
| Sachet is added to bucket of water or trigger bottle, as instructions on label. Do not handle sachets with wet hands. | Risk of eye contact. Risk of skin contact.                                        | Handle the container with care. Wear Personal Protective Equipment. Clean up any spillages immediately. Ensure that the packet is returned to the store when not in use. Always read the manufacturer's instructions prior to use.                            | Provide employees with PPE as follows: <ul style="list-style-type: none"><li>• Household gloves if prolonged contact with product is likely.</li></ul> When mixing solutions, ensure that operatives add product to water. Ensure that operatives are aware of location of First Aid facilities and personnel. |
| DISPOSAL                                                                                                              |                                                                                   |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                |
| Refuse and used packaging should be dealt with according to local regulations.                                        | Small risk of skin or eye contact. Risk of contamination with other substances.   | Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building). | Ensure that all operatives wear personal protective equipment at all times.                                                                                                                                                                                                                                    |
| Name of Assessor:                                                                                                     |                                                                                   | Signed:                                                                                                                                                                                                                                                       | Print:                                                                                                                                                                                                                                                                                                         |
| Position:                                                                                                             |                                                                                   | Assessment Date:                                                                                                                                                                                                                                              | Review Date:                                                                                                                                                                                                                                                                                                   |
