

COSHH RISK ASSESSMENT

ntrl Organic Descaler (5 Litre)

Product Code: BF022-5

DANGER

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged in 5 litre polythene containers in a cardboard carton. Cardboard contains 2 x 5L product.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single container at any given time. Take care not to drop bottles. Ensure that the cap is secured at all times.	Transfer bottles to store immediately following delivery. Do not leave bottles in areas where users of the building will come into contact with them.
STORAGE			
Store product securely in a cool, dry, well-ventilated area. Product must be kept stored in its original container. Keep tightly closed when not in use.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof.	Ensure that the product is stored away from any acid-based substances. Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel. Store away from oxidising material.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
USAGE			
Apply undiluted to the toilet bowl, under the rim, urinal.	Risk of eye contact. Risk of skin contact.	Handle the containers with care. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Ensure that all spillages are wiped up immediately	Provide employees with PPE as follows: • Household gloves if prolonged contact with product is likely. When mixing solutions, ensure that operatives add product to water. Ensure that operatives are aware of location of First Aid facilities and personnel.
DISPOSAL			
Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Small risk of skin or eye contact. Risk of contamination with other substances.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (ie drain outside the building).	Ensure that all operatives wear personal protective equipment at all times.
