

* Solvent Spotter

Jangro *

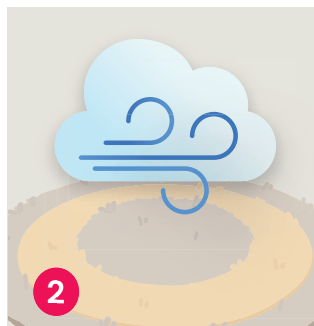

BE024-30

Chewing gum removal:

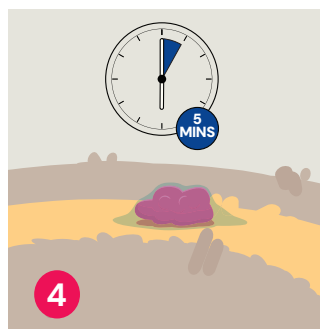

Place safety Sign & use the appropriate PPE as indicated in the Safety Data Sheet.

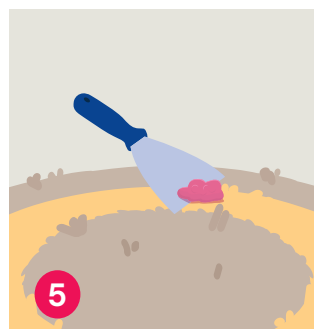

Ensure adequate ventilation before use.

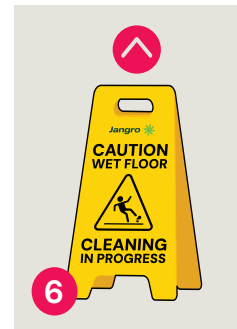

Apply directly onto the chewing gum, ensuring that both the gum and the surrounding solvent-resistant surface are thoroughly wet. If need be, prick the gum with a suitable tool, to help solvent penetrate.

Allow to soak for 5 minutes

Remove the softened gum with a scraper or other suitable tool.

Remove Safety Signs.
